Friedrich Nietzsche THE WILL TO POWER AND THE ANTICHRIST [Two of Nietzsche's works—The Will to Power and The Antichrist—are represented in the following readings. First published in 1901, one year after Nietzsche's death, The Will to Power consists of the author's notes written in the years 1883 to 1888. The following passages from this work show Nietzsche's contempt for democracy ... Friedrich Nietzsche "The Will to Power" and "The Antichrist" As Nietzsche once wrote in The Will to Power, I accept the essential difference of my fellows and do not wish to turn them into my clones. I know that a Marxist society would not create a higher form of individualism, but a drab uniformity that would be spiritually impoverishing and soul-crushing. Does anyone think Nietzsche predicted the rise of quantum ... According to Nietzsche, human beings are organisms constituted out of individual power quanta or will-to-power constellations. One can clarify his concept by reference to Leibniz's monadology. 3 A power quantum is a single entity like a monad. In contrast to the monad, it can interact with other power quanta, it can grow, it can nourish itself (which has to be understood metaphorically), and it

has a perspective on the world. Nietzsche, the Overhuman, and Transhumanism For Nietzsche then, what I will call herd-man time is entirely a product of the interpretation of the intellect reflecting the "body's attempt to resist the destructive effects of the outer world" (Moles p. 224). Because we experience time as succession resulting in ultimate death, we try to "play for time" (224). The Quantum Nietzsche. ... Nietzsche claims that nihilism is the process of the highest values devaluating themselves.<sup>53</sup>This is possible because the will to power produces value through the process of overcoming<sup>54</sup>—"Value is the highest quantum of power that a man is able to incorporate".<sup>55</sup>The growth of value therefore requires a growth of power and the creation of a new state of affairs.
